## *STAR® WITH AERAS INTEL*

In an increasingly complex world, smart devices simplify how we integrate new technology into everyday life. From smartphones to smart homes, intelligent devices are simplifying the way we live. And now, they're doing some of the work for us at work too. Star handpieces with Aeras Intel, introduces the smart revolution to the dental office, offering interconnectivity, insight, and control.

AERAS, Inc. is a separate corporation from DENTALEZ, Inc.

# Star 500 ELITE
DENTALEZ

*THE ELEGANCE OF AIR AND THE AUTHORITY OF ELECTRIC.*

Industry-leading 39 watts rivals the performance of electric with the confidence & safety of air.

Greater in-hand stability with exceptional balance minimizes effort & fatigue.

Maintain control with in-office turbine replacements to help ensure readiness and maximum performance is always within reach.

Exclusive LubeFree technology makes it easy to maintain.

Equipped with Aeras Intel and embedded RFID technology that can reduce the burden for office staff by automating tracking & recordkeeping.*

Anti-retraction technology designed to prevent backflow of water into the dental delivery unit.

When used in conjunction with a compatible RFID reader system

# LM Dental Tracking System

## *RFID INTELLIGENCE IN DENTAL CLINICS TURNING DATA INTO EFFICIENCY, SAFETY AND SAVINGS*

LM DTS™ is developed to tackle the everyday challenges related to material handling and traceability with increasing requirements for patient safety and infection control documentation emphasized.

LM DTS™ is the first commercially available system in dental industry to efficiently track and monitor dental instruments and materials from all different manufacturers using an advanced RFID technology. The system gives the visibility of instruments and materials from storage and maintenance to patient care.

The unique LM Dental Tracking System™ is created by combining scanning readers, proprietary server software and dental instruments and materials with built-in or retrotagged RFID chips. Automating traceability, logistics and infection control documentation allows staff to work more efficiently and focus on the patient.

In addition to enabling continuous improvements in daily operational level, the scanned and documented data opens opportunities and benefits for long-term planning, cost efficiency and increased patient safety.

Table of Contents

## What is RFID?

An RFID (Radio Frequency Identification) system consists of three components:
a scanning antenna and transceiver (often combined into one reader, also known as an interrogator) and a transponder, the RFID tag. An RFID tag consists of a microchip, memory and antenna. The microchip contains electronically-stored information which is activated with a reader.

Unlike a barcode, the tag does not need to be within the line of sight of the reader, so it may be embedded in the tracked object. WIth RFID many items can also be identified simultaneously and from distance.

# *LT DTS READERS*

LM DTS™ Readers (either multi-read or single-read) can be placed in any environment. They notify users of errors, such as the use of unsterilized instruments or expired material.

## LM DTS Tray Reader

Part Number LM-73000

## *RFID IDENTIFICATION TAGS*

The RFID surface tags can be scanned with LM DTS™ readers for reliable tracking through their entire life cycle - from storage and maintenance to clinical and patient care.

### LM DTS RFID Flat Surface Tag, 10 PCS

Part Number LM-7032310

### LM DTS RFID Round Surface Tag, 10 PCS

### LM DTS RFID Flat Surface Tag, 100 PCS

Part Number LM-70338100

### LM DTS RFID Round Surface Tag, 100 PCS

Part Number LM-70341100

## *RFID SCANNING CABINETS*

The LM DTS™ cabinet can be used for storing and scanning dental materials. This series of 4 models meets the different storage space needs in dental clinics. Each model consists of one fixed control module and optional 1-3 add-on storage modules. The storage modules have integrated RFID readers, antennas and electric locks controlled by touch screen User Interface or ID card reader.

# 430 Torque Series

**430SWL®/430SW™ Torque**
Our 430 Torque Series offers a wide range of options in an incredibly powerful handpiece at a friendly price point designed to make it your everyday favorite. Built upon the 430 foundation, it achieves 27 watts of cutting power and is among the most powerful in the industry with just the right level of features to keep it economical. A logical upgrade for our traditional 430 Series users.

- LubeFree ease of ownership
- Bifurcated fiber optics to improve visibility
- Single port water spray
- 27 watts of power

# Swivels

**Star 500 Swivel, #266064 (fiber optic) & #266065 (non-fiber optic)**

Proprietary connector designed exclusively for Star 500 Elite handpieces to 6-pin delivery unit tubing connectors. Available in fiber optic and non-fiber optic. Autoclavable design with Anti-retraction valve.

## Star 500 Swivel fiber optic

Part Number 266064

## Star 500 Swivel non-fiber optic

Part Number 266065

# Swivels

**HiFlo 6-Pin LED Swivel**
Now with LED light. 3.3V for connecting Star®
fiber optic handpieces to StarBright Lamp Control.
Autoclavable design with Anti-retraction valve.

## HiFlo 6-pin LED Satin FO Swivel

Part Number 268844

---

**5-Hole fiber optic Swivel**
For connecting Star highspeed fiber optic handpieces
to 5-hole fiber optic tubing. Autoclavable.

## 5-Hole fiber optic Swivel

Part Number 263758

# Swivels

**LED Swivel**
For connecting Star high-speed fiber optic handpieces to 6-pin fiber optic tubing. Emits a cool, white LED light. Used with either Tri-lamp or Quad-lamp fiber optic controller. Autoclavable design with Anti-retraction valve.

## LED Swivel

Part Number 265400

---

**LED Swivel**
For connecting Star high-speed fiber optic handpieces to 6-pin fiber optic tubing. Emits a cool, white LED light. **Non-Autoclavable** design with Anti-retraction valve.

## LED Plug N’ Play Swivel

Part Number 265646

# Swivels

**4-Line non-fiber optic Swivel**

For connecting Star highspeed non-fiber optic handpieces to 4-hole tubing. Autoclavable.

## 4-Line non-fiber optic Swivel

Part Number 261547

# Replacement Parts & Accessories

Junk-Out is for maintenance of high-speed chucking mechanisms; use once a week.

# Titan® Low-Speed System

TITAN LOW-SPEED
Star
DENTALEZ

For growing practices interested in asset management systems utilizing RFID technology, the Star Titan with Aeras Intel low-speed system delivers a seamless integration experience. In addition to Star's reputation as a trusted, solid performer with a competitive price-point, the Star Titan modernizes your low-speed handpiece foundation.

- Equipped with Aeras Intel and embedded RFID technology that can reduce manual burden for office staff by automating tracking and recordkeeping.*
- Flexible speed range from 100 to 20,000 RPM tackling a variety of procedural needs with minimal attachments for fast, efficient care.
- LubeFree Motor and Angle operation brings further efficiency to your practice.
- Fully autoclavable system (motors, attachments, angles)
- Made in the USA

**When used in conjunction with a compatible RFID reader system.*

**High Performance**
Our Titan low-speed handpieces are the go-to workhorse for generations of dentists! A multitude of finishes and configurations means this handpiece can help meet the varying needs in your practice.

# Star® ETorque™ Electric System

*while supplies last*

Our most premium, full featured electric handpiece system with a compact and programmable color touchscreen control unit that can be integrated into multiple delivery units. ETorque offers a broad range of procedural support with multiple attachments that makes it both flexible and efficient - reducing adjustments. Near-instant smooth, quiet power is delivered via the lightweight, brushless motor.

- Programmable color touchscreen display
- 100-200,000 rpm operating range in lightweight (62g) brushless motor
- Autoclavable motor + attachments
- Stand Alone or Delivery Unit integration options

# iStar™

**iStar Cordless Prophy Handpiece**

Cordless prophy handpiece features a compact, cordless design that simplifies the prophylaxis procedure. No more stress from handpiece tubing pulling or searching for a rheostat. The iStar is ideal for the modern dental operatory and features thoughtful design elements that make work more efficient and comfortable.

- Compact, cordless design
- Five (5) selectable speed settings from 500-2,500 rpm
- Custom disposable sleeves (100) required
- Use with your preferred disposable angle (available separately)
- Lasts a full day on a single charge
- Three (3) year battery warranty

**Custom disposable sleeves (REQUIRED)**

100 disposable sleeves are included with purchase. (Additional sleeves sold separately.)

# Prophy Star 3

| Specifications | Prophy Star 3 | Prophy Star 3 SW |
|---|---|---|
| Speed | 0-5,000 rpm adjustable | 0-5,000 rpm adjustable |
| Air Pressure | 35-40 psi | 35-40 psi |
| Dimensions | 0.64” in diameter | 0.64” in diameter |
| Weight | 62 grams | 70 grams |
| Length | 4.3” | 3.71” |
| Connection | 4-Line Configuration | Swivel type |

# Titan® Blis-sonic™ Scaler

Sonic scaler to effectively and gently remove hard calculus deposits and stains. Available with a 360-degree swivel or fixed backend option. Conveniently connects to existing air-driven tubings and foot control. Ergonomic silicone grips with comfortable positioning reduce hand fatigue.

- Swivel (SW) and Fixed (K) backend configurations
- Lightweight design
- Includes five (5) patented scaling tip designs

## Blis-sonic SW

Part Number 264563

## Blis-sonic K Scaler Fixed Backend

Part Number 264565

### Star® Nomenclature Key

**SW =** Swivel (coupler) back end

**K =** Fixed Back End

### Blis-sonic SW Specifications

| | |
|---|---|
| Air Pressure | 40 psi |
| Weight | 54.6 grams |
| Length | 6.8 inches (17.3cm) |

### Blis-sonic K Specifications

| | |
|---|---|
| Air Pressure | 40 psi |
| Weight | 50.7 grams |
| Length | 6.7 inches (17.0cm) |

## Universal

- Use for all surfaces, medium and heavy calculus

## Sickle

- Recommended for sensitive patients
- Less powerful than the Universal Tip
- Less suitable for deep root scaling

## Perio

- Recommended for lingual supragingival scaling of mandibular incisors and deep local pockets
- Provides same energy as Universal Tip

## Care By Star®

DENTALEZ® is committed to providing the highest quality products and services, anchored by what our customers value, that consistently exceed expectations, creating loyal customers for life. Our team strives to offer consistent, caring, and timely service and support that delights our customers enough to share their outstanding experience with others.

## Customer Care Onboard

We believe strongly that you are not just purchasing a dental instrument from us. You are purchasing a comprehensive customer care program that includes not only a superior handpiece but also professional maintenance and repair support.

All Star products are serviced and maintained by our product experts in Lancaster, Pennsylvania. The same facility where our handpieces are designed and manufactured to the highest standards.

## Service & Repair Requests

We make service and repair easy. Obtain a pre-paid shipping label via our Repair Request Portal or simply contact us via your preferred method and our Customer Experience team we will be happy to assist you.[1]

We are committed to 100% transparency. No costs will be incurred until you approve a quote from us; and if we cannot service or repair your handpiece, we will help you quickly find a suitable solution for your needs.

Service or Repair Request Portal visit DENTALEZ.COM.

# Handpiece Warranty

Star® Product Support Services
DENTALEZ and its employees are proud of the products we provide to the dental community. We stand behind these products with a warranty against defects in material and workmanship as provided below and have our own in-house repair facility to service our products.

In the event that you experience difficulty with the application or operation of any of our products, please contact our customer service department at our expense at (866)DTE-INFO.

If we cannot resolve the issue by telephone, we will arrange for a representative to contact you or suggest that the product be returned to our factory for inspection.

If product return or repair is required, we will provide you with a Return Authorization number and shipping instructions to return the product to the proper facility. If the product is under warranty, we will ask you to provide proof of purchase such as a copy of your invoice. Please be sure to include the Return Authorization number on the package you are returning. Products returned without a return authorization number cannot be repaired.

Freight costs for product returns are the responsibility of the customer. Products under warranty will be repaired or replaced, at our sole discretion, and returned at our expense. Products outside the warranty limits will be repaired and returned with costs invoiced to the customer. We are not responsible for shipping damages. We will, however, help you file a claim with the freight carrier. Written repair estimates are available.

DENTALEZ warrants all equipment and parts to be free of defects in material and workmanship, under normal usage, under the following terms:

# Handpiece Warranty

**Please note the following additional terms of our warranty and return policy:**

- This warranty covers manufacturing defects only and does not cover defects resulting from abuse, accidents, misuse, improper handling, cleaning, care or maintenance or the failure to follow or observe our operating/use, maintenance and/or installation instructions. Damage resulting from the use of chemicals, cleaners, disinfectants or sterilization is not covered under this warranty nor is normal wear and tear. Failure to use authorized parts or an authorized repair facility voids this warranty.
- Liability is limited to repair or replacement of the defective part(s) or products at our sole discretion. All other liabilities, in particular liability for damages, including, without limitation, special, exemplary, consequential or incidental damages are excluded.
- THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. NO EMPLOYEE, REPRESENTATIVE OR DEALER IS AUTHORIZED TO CHANGE THIS WARRANTY IN ANY WAY OR TO GRANT ANY OTHER WARRANTY.

**Warranty repairs:** Parts repaired or replaced on a product that is in warranty will be warranted for the duration of that product's original warranty.

**Non-Warranty Repairs:** The warranty on parts either repaired or replaced on an out-of-warranty product will cover the repaired part only and will be for the time frame listed for the applicable product under the heading Service Warranties on Non-Warranty Repairs

**Product Return:** If a product is being returned for credit, please complete a Return Authorization form at www.DENTALEZ.com. There will be a 15% ($25.00 minimum) restocking charge on all items authorized for return.

Please be sure to include the Return Authorization number on the package you are returning. Products returned for credit without a Return Authorization number cannot be accepted and will be returned to the dealer/doctor.

Opened products or product returns more than a year old cannot be returned for credit.

NOTES:
**The warranty for a replacement turbine begins on the date of insertion into your handpiece as long as the turbine is registered at www.DENTALEZ.com/warranty within 12 months of purchase. Registration must take place within 12 months of purchase.
*Provided conditions in warranty are met.
